MOTORI ELETTRICI POMPE VENTILATORI

A Family Company, Since 1946

Our company has always provided our customers with reliable and **high-grade products and solutions**, offering an outstanding service through a responsive customer relationship, working proudly with passion and creativity.

Since 1946 we have promoted **the quality of “Made in Italy”** for our products all over the world, and since the '60s paved the way for industrial ventilation in Italy, a sector in which the company became a benchmark.

We maximize the value of our products through advanced technology, experience, and quality of our work so we realize state-of-the-art **Custom Industrial Fans and Blowers**.

We are also committed **to work in a responsible and sustainable way**, by evaluating new solutions through which we can contribute to global efforts to preserve the **environment**, making the world a better place for the future generations.

Top-Notch Structure for Heavy-Duty Applications

This line of axial fans is characterized by an **innovative design**, ensuring reliability and resistance in harsh environments and **strenuous applications**, such as underground tunnels and quarries.

Their heavy-duty configuration perfectly fits the specific requirements of marine, mining and chemical industry.

Marine and Ship
Swing-out Marine Fan

Marine and Ship
Electrical Panel Cooling Fan

Chemical Industry
Fan for Corrosive Fluid Extraction

Marine and Ship
Ducted Ex-Proof Fan

Customized Axial Fans: Your Tailored Solution

Our axial fans are handcrafted and designed with **accurate technical analysis** to guarantee **great performances and reduced noise levels**.

The fan unit can be upgraded with **special accessories**, such as flanges, silencers, transmissions and sensors. Belt drive and explosion-proof configurations are available.

Chemical Industry
Bifurcated Case Axial Fan

HVAC Air Handling
Smoke Extraction Belt-Drive Fan

Food Industry
Axial Fan with Diffuser

Pulp and Paper
Galvanised Axial Fan for Paper Mill

Eco-Friendly and Ergonomic Axial Fans

Reduced dimensions and easy construction set for **standard ducted axial fans**.

A wide range of impeller configurations to meet the requirements of every industrial application, paying particular attention to **performance and energy efficiency**.

Our Standard Industrial Axial Fans comply with eco-design requirements according to ErP Directive. **High Efficiency Electric Motors** are installed to save energy and reduce the carbon footprint.

Marine and Ship

Walkable Fan for Air Extraction

HVAC Air Handling

Wind Tunnel Fan

Agricultural Industry

Cooling Exhaust Fan

Marble Mechanical

Silenced In-line Axial Fan

Ex-Proof Band in Copper, Aluminium

Blades in Polypropylene/Polyamide

Airfoil Design

Reliable Ex-Proof Terminal Box

Carbon, Stainless Steel or COR-TEN

Corrosion-Proof Surface Treatments

Bifurcated Fan Internal Transmission

Silencers to limit dB Sound Pressure

Reinforced Supporting Structure
